Ultra-Fast Dehumidification: Keeping Homes Dry

The **Olmas dehumidifier** combines powerful dehumidification with air purification, creating dry, comfortable living spaces during humid weather. It also maintains clean air quality for homes and offices.

Top-notch features

- Negative ION technology
- TIMER function setting and cancellation
- Two fan speed modes: high (HI) and low (LO)
- Automatic dehumidification mode (AUTO)
- Water tank full alert (FULL) to be drained immediately
- Low noise and energy efficiency
